Review of Creative Work	Other
Software	Software / Code
Theatre	Composition

There were several types of objects in the Legacy System that were all migrated to a single object type in Elements. These were:

Art and Public Art Project >>> Artwork
Choreography and Performance >>> Performance
Device, Drug, and Prototype >>> Invention
Documentary/Film and Journalistic Media/Multimedia >>> Media
Composition, Music, and Theatre >>> Composition
Film Screening, Other, and Review of Creative Work >>> Other

You can edit the “Medium” field for each object to make clear which type of scholarly or creative works they are. To edit this field, click on the title of the object in your list of Scholarly and Creative Works. You can then click the “Edit record” icon, circled in red below, and scroll down to the “Medium” field.

Professional Activities

Object Type in Legacy System	Object Type in “Professional Activities” in Elements
Broadcast Interview	Media Contribution
Committees	Committee membership
Community Service	Community service
Consulting, Clinical Practice, and Other Engagements	Consulting / Advisory
Distinction	Awards and Honors
Editorial Boards & Reviews	Editorial Review

Presentations	Non-research presentation
Professional Memberships	Membership

Note: Please review the start and end dates listed for objects in the **Committee membership** and **Membership** categories. Due to the inconsistency in data quality, the end dates were not automatically added to the objects in these categories. Please manually add the correct end date.

Teaching & Supervision

The only “Teaching & Supervision” object types migrated from the Legacy System to Elements were those in the **Research Supervision** category. They were mapped to the **Research-based degree supervision** category in Elements.

If you have any questions about the migration of Legacy System data into the Elements system, please contact elements@gwu.edu.
